## Heart and Mind... the BINA Difference

BINA is there every day for thousands of stroke and brain injury survivors of all ages and their families, providing critical guidance and expertise at each stage of the complex rehabilitation process.

The brain is the most important organ in the human body and controls everything we do. That is why a brain injury can be so devastating.

BINA provides lifesaving assistance to children, adults and seniors who have nowhere else to turn in the aftermath of a brain injury. Our mission is to ensure that no brain injury survivor is alone as they struggle to navigate the long and difficult road to recovery.

## A UNIQUE SYSTEM OF SERVICES

### Rehabilitation Referrals and Care Navigation

BINA has thoroughly researched and visited dozens of rehabilitation facilities and therapy centers and works closely with the family to formulate the optimal rehabilitation plan. Our staff is always available to follow up and advocate, ensuring that every possible need is met.

### Crisis Intervention and Caregiver Support

The program provides counseling, support and education to families who are reeling under the pressures and challenges of their sudden entry into the devastating world of brain injury. Services commence during the hospital and rehabilitation stays and continue after homecoming. Support groups are offered for caregivers and survivors and mental health referrals are provided as needed.

### Case Management

Case management works to resolve insurance issues and identify programs, legal options and funding sources. Coordination of the often complicated homecoming process ensures that caregivers are not left to fend for themselves. All educational and residential options are explored so as to afford every individual the best possible quality of life.

### Medical Advocacy

Our medical advocate works with families to identify the optimal clinical setting for a variety of complex medical needs including ventilator care and weaning, dialysis, infection control and wound care. Facilities and providers are researched and visited to ascertain specific areas of expertise. Meetings are held with the family and facility personnel to ensure that the patient's needs are addressed.

# EVENING of Healing

BINA ANNUAL DINNER

Dear Friends,

Thank you for joining us this evening at Annual Dinner of the BINA organization. Your participation and support is an indication of your high regard for the only Jewish organization providing guidance and assistance to stroke and brain injury survivors in the community.

As dinner chairman, I would like to extend my personal gratitude and appreciation to the founder and director of BINA, Chavie Glustein, for her incredibly selfless dedication to the families of BINA. It is rare to find an individual who is so completely immersed in relieving the burden of her fellow man. May she and her family be rewarded with only good health and happiness.

BINA has grown tremendously since its founding in 2003 both in size and scope and to date has assisted over 3,000 stroke and brain injury survivors of all ages. But they can't do it alone. It is only with your support that BINA can fulfill its mission of ensuring that no brain injury survivor will be left to stand alone while on the difficult road to recovery.

Tonight, we are delighted to honor Dr. Steven Kirshblum of the Kessler Institute of Rehabilitation with the Physician Leadership Award; dear friends of BINA, Natalie and David Batalion, with the Visionary Partners Award; and BINA's well-liked Director of Crisis Intervention, Elchanan Schwarz, with the Distinguished Community Service Award.

Thank you to the their family, friends and colleagues who have joined us this evening to celebrate a well-deserved honor.

We hope you enjoy the dinner and thank you for being there for BINA.

*Sincerely,*

*Josh Mehlman*  
DINNER CHAIRMAN

Congratulations to tonight's esteemed honorees, Dr. Steven Kirshblum, recipient of the Physician Leadership Award; Natalie and David Batalion, recipients of the Visionary Partners Award; and Elchanan Schwarz who will receive the Distinguished Community Service Award.

Dear Friends,

When I founded BINA in 2003, my intention was simply to ensure that no family experiencing the upheaval of brain injury would stand alone as they navigated the complex maze of the rehabilitation system.

Never did I imagine the great need that existed amongst brain injury survivors for guidance and support. But the need is there, and I am grateful that we have been able to help over 3,000 families affected by the brain injury of a loved one, with an ever increasing number of new families turning to us on a daily basis.

It is critical that we continue to grow as an organization by increasing the scope of our services, raising awareness in the community about the reality of brain injury and the critical importance of prevention efforts. We must also increase our visibility and expand our reach nationally and internationally so that every brain injury survivor who struggles in isolation becomes aware of our work and reaches out for help.

Our mission is clear but we can't do it alone.

BINA is there every day for brain injury survivors. Please be there for BINA.

Thank you for joining us this evening.

Dear Mrs. Glustein,

It is my privilege to commend everyone associated with BINA for their vital work on behalf of stroke and brain injury survivors and their families.

Brain injuries can result from any number of accidents, illnesses, and other neurological conditions and they affect virtually every bodily and behavioral function. The difficult and indeed life-altering repercussions extend to family members and other loved ones, and it is here that BINA plays such an important role in all stages of the rehabilitation process, providing individualized support, guidance, and expertise on so many levels, including but hardly limited to carefully researched referrals, case management, crisis intervention, support groups, and educational programs.

I join you in saluting the honorees at the BINA Evening of Healing Annual Dinner: Dr. Steven Kirshblum (Physician Leadership Award), Natalie and David Batalion (Visionary Partners Award), and Elchanan Schwarz (Distinguished Community Service Award).

כה' טבת תשע"ט

נתבקשתי להיות שליח ציבור והנני באתי בשורות אלו להגיד את מקצת שבחו בפניו

## של ידידנו הרה"ח והנגיד ר' אלחנן שליט"א

הן כבר ידוע ומפורסם בשער בת רבים שיש כמה מיני מלחמות נוראות בדורנו, ואולי המקור של כולם, הוא המאבק הפנימי ברגשותיו של אדם אשר רבים חללים הפילה והותיר חורבן עצום בעקבותיו. והיות שזה גם יכול ליגע ולהרס את יסודי היהדות, ר"ל, צריכים בעלי מקצוע שלמדו באוניברסיטאי וגימנסיה, "וגם" לרבות בני תורה, ללחום המלחמה ע"ש רבי רבי וגו'.

על כן אפרוין נמטייה לר' אלחנן הנ"ל, שמסייע לכל הנצרכים באופן נפלא ומקרב את דעתם ולבם לשמים וזהו כעין **קירוב רחוקים** ממש.

ברכתנו שלוחה מרחוק שיזכה להמשיך בעבודתו הק' מתוך בריאות הגוף והנפש עד כי יבוא שילה וגו'

ואז

נזכה כולנו לנבואת ישעיה' של

To the whole BINA staff

This couldn't have happened without all of you!
