AN 18 YEAR JOURNEY OF HOPE

---

BINA is there every day for thousands of stroke and brain injury survivors of all ages and their families, providing critical guidance and expertise at each stage of the complex rehabilitation process. The brain is the most important organ in the human body and controls everything we do. That is why a brain injury can be so devastating. BINA provides lifesaving assistance to children, adults and seniors who have nowhere else to turn in the aftermath of a brain injury. Our mission is to ensure that no brain injury survivor is alone as they struggle to navigate the long and difficult road to recovery.

## **A Unique System of Services**

### **Rehabilitation Referrals and Care Navigation**

BINA has thoroughly researched and visited dozens of rehabilitation facilities and therapy centers and works closely with the family to formulate the optimal rehabilitation plan. Our staff is always available to follow up and advocate during the admission process and rehab stay, ensuring that every possible need is met.

This year presented an unprecedented challenge with the onset of the COVID-19 pandemic with countless patients in need of ventilator weaning facilities and many also suffering neurological deficits as a result of the virus. BINA's staff was heavily involved in referrals and collaborated with other organizations to with the goal of achieving the best outcomes for every patient.

# *from Pain to Promise*

AN 18 YEAR JOURNEY OF HOPE

---

## **Crisis Intervention and Caregiver Support**

The program provides counseling, support and education to families who are reeling under the pressures and challenges of their sudden entry into the devastating world of brain injury. Services commence during the hospital and rehabilitation stays and continue after homecoming. Support groups are offered for caregivers and survivors and mental health referrals are provided as needed.

## **Case Management**

Case management works to resolve insurance issues and identify programs, legal options and funding sources. Coordination of the often-complicated homecoming process ensures that caregivers are not left to fend for themselves during an overwhelming time. All educational and residential options are explored to afford every individual the best possible quality of life.

## **Medical Advocacy**

Our medical advocate works with families to identify the optimal clinical setting for a variety of complex medical needs including ventilator care and weaning, dialysis, infection control and wound care. Facilities and providers are researched to ascertain specific areas of expertise and conversations are held with both family and facility personnel on a regular basis to ensure that the patient's needs are addressed.

AN 18 YEAR JOURNEY OF HOPE

---

Dear Friend,

Over twenty years ago, we were a young couple living a typical life when our quiet routine was suddenly and unexpectedly thrown into upheaval. My husband Aharon suffered a stroke due to a virus and spent the next few years undergoing intensive therapy to regain his previous skills. We had no one to steer us through the unfamiliar world of brain injury rehabilitation and had no choice but to conduct our own research and identify the best therapy options albeit with great difficulty.

After meeting other families facing similar challenges, we decided to create an organization in 2003 with the goal of ensuring that no one else would be left alone to travel the long and difficult road to recovery. We started BINA with great hope and anticipation but at the time we could not fathom the true scope of the need and the vast complexity of brain injury rehabilitation.

It is hard to believe how far BINA has come in the 18 years since those early days. We have grown into a full-service organization with comprehensive services for both patients and families. But the need also continues to grow, and we are determined to expand our reach and services to assist brain injury survivors in every possible way.

Aharon and I decided to accept the BINA Founders Award at this evening's Gala as we feel that BINA's journey is a reflection of our own personal one. We are humbled by the beautiful messages written by both family and friends in our honor.

Thank you for joining us and helping BINA fulfill its mission of standing at the side of every stroke and brain injury survivor in desperate need of our help.

AN 18 YEAR JOURNEY OF HOPE

---

Dear Friends,

Thank you for joining us this evening at the first Virtual Gala of the BINA organization. Your participation and support is an indication of your high regard for the only Jewish organization providing guidance and assistance to stroke and brain injury survivors in the community.

As Gala chairman, I would like to extend my personal gratitude and appreciation to Aharon and Chavie Glustein, recipients of the BINA Founders Award, for their 18 years of incredibly selfless dedication to the organization. As director of BINA, Chavie Glustein has proven herself to be one of the rare individuals who is completely immersed in relieving the burden of her fellow man. May the Glusteins be rewarded with only good health and happiness and nachas from their beautiful family.

We are also delighted to honor Dr. Cirelle Rosenblatt with the Brain Injury Leadership Award and Mordechai Shedrowitzky, who will be presented with the Excellence in Rehabilitation Award.

Thank you to the family, friends and colleagues of the honorees who have joined us virtually this evening to celebrate a well-deserved honor.

BINA has grown tremendously since its founding in 2003 both in size and scope and to date has assisted over 4,000 stroke and brain injury survivors of all ages. But they can't do it alone. It is only with your support that BINA can fulfill its mission of ensuring that no brain injury survivor will be left to stand alone while on the difficult road to recovery.

We hope you enjoy the dinner and we thank you for your participation and support.

Sincerely,

*Avi Schron*

Dear Friends,

It is my pleasure as chairman of the Board of Directors of BINA to welcome you to our Virtual Gala. We all share a common goal of ensuring the success of an exceptional organization whose dedicated staff works diligently to ensure that brain injury survivors are given every chance for the best possible recovery.

This year is a special milestone – the 18-year anniversary of BINA's founding. It is therefore most fitting that we are honoring Aharon and Chavie Glustein with the BINA Founders Award, despite the fact that they have absolutely no wish or need for any honor or public acclaim.

As director of BINA, Chavie Glustein is widely known and respected as a tireless and fiercely devoted advocate for all those who turn to BINA and I have come to admire and respect her tremendously over the years in my capacity as Board chairman.

We are very pleased to pay R'Aharon and Chavie a well-deserved tribute for turning their own personal journey into an opportunity to better the lives of an underserved population in desperate need of BINA's expert guidance and assistance.

Congratulations as well to tonight's other esteemed honorees, Dr. Cirelle Rosenblatt of Vancouver, recipient of the Brain Injury Leadership Award and Mordechai Shedrowitzky, who will be presented with the Excellence in Rehabilitation Award.

Thank you for your support and for joining us this evening.

Sincerely,

*Naftali Horowitz*

My Dear Friends,

I am grateful for the opportunity to offer my greetings on the occasion of Bina's Chai anniversary.

Bina provides essential service to many of our neighbors. Your support to survivors of brain injuries and their families gives hope to those in need and enhances the lives of so many. By your commitment, you make people's lives better. I applaud you for what you do.

My heartfelt salutes and appreciations to tonight's honorees, Dr. Cirelle Rosenblatt, Mordechai Shedrowitzky, and particularly Aharon & Chavie Glustein, the recipients of tonight's Bina Founders Award. Your dedication to service is admirable, and your work strengthens our community. Tonight is, among other things, a celebration of the longevity of your service.

It was just a little over a year ago that we all gathered at El Caribe to celebrate Bina's accomplishments. We didn't know on that wonderful evening that we were only weeks away from the world changing forever. Your theme tonight – "from Pain to Promise" – is most fitting on your Chai anniversary. Now, more than ever, your inspirational work is essential to help bring the promise of healing to those in need.

Thank you again to everyone who makes Bina such a vital part of our community. Your commitment is an inspiration to us all.

Warmest regards, always.

KALMAN YEGER  
New York City Councilman

## **AHARON AND CHAVIE GLUSTEIN** BINA Founders Award

Aharon and Chavie Glustein are the founders of BINA and Chavie has served as Director since the organization was created in 2003.

Aharon Glustein grew up in the Flatbush section of Brooklyn and attended Yeshiva Torah Temimah and Mirrer Yeshiva for elementary and high school, and then learned in the Mir Yeshiva in Israel.

Chavie grew up in Jerusalem where her parents, Rabbi and Mrs. Markovitz, and most of her family still reside.

After their marriage, Chavie worked as a special educator until the couple moved with their first child to New York.

The Glusteins live in Flatbush and are the proud parents of Yehuda, Yitzchok Leib and Chana Shira. They are long time members of the Avreichim shul.

BINA is very proud to pay a well-deserved tribute to our dear founders this evening.

## **DR. CIRELLE ROSENBLATT**

### Brain Injury Leadership Award

Dr. Cirelle Rosenblatt has worked as a neuropsychologist for over 25 years in a wide range of rehabilitation medicine settings, making her a sought-after expert in neuropsychological evaluation and individual and group therapy. She trained and worked at leading facilities including Rusk, Kessler and Mount Sinai and maintained a successful private practice in New York. Dr. Rosenblatt is one of the original members of BINA's Medical Advisory Board and has enjoyed a long standing and productive relationship with the organization.

Dr. Rosenblatt moved to Vancouver with her family in 2003 and is the founder and Clinical Director of Advance Concussion Clinic, British Columbia's only dedicated concussion clinic. ACC provides the full spectrum of concussion management and rehabilitation services to adolescents and adults who have suffered a concussion or head injury from sports, motor vehicle accidents, falls or other head trauma. Dr. Rosenblatt also serves as neuropsychologist and consultant to National and Olympic snow athletes and teams and other professional and competitive athletes.

A native of Fairfield, Connecticut, Cirelle attended Hillel Academy, Central High School and Stern College followed by graduate studies at Ferkauf-Einstein Graduate school for Health Psychology. Her husband Rabbi Andrew Rosenblatt is the Rabbi of Schara Tzedek, the largest Orthodox Shul in Western Canada, where he has served for the past 18 years. They are very proud of their children David, a student at McGill University, Shmuel, who attends York University, Leora, currently studying at Meorot Seminary, Rachel, who attends Machon Maayan Seminary and Adeena, a student at King David HS.

## **MORDECHAI SHEDROWITZKY** Excellence in Rehabilitation Award

Mordechai Shedrowitzky is a highly regarded physical therapist who has owned and managed Rehabilitation Associates of Brooklyn since 2002. The practice has become a center of excellence with four locations and is the facility of choice for many area physicians. Mordechai is also a clinical instructor for several physical therapy schools.

BINA has enjoyed a close working relationship with Mordechai for many years and has referred many satisfied clients to him for treatment. With his proficiency in all therapy areas and a specialty in neurologically based deficits, combined with a kind and reassuring manner, Mordechai has gained a well-deserved reputation for excellence amongst his colleagues, patients and the community.

Mordechai grew up in Kew Gardens Hills, Queens, and is the son of the Rav and Rebbetzin of the Agudas Yisroel of Kew Gardens Hills where they served for nearly 40 years. After attending elementary school at Yeshiva Ohr Yisroel and Yeshiva Torah Temimah for high school, Mordechai learned in the Bais Medrash and Kollel of Yeshiva Torah Vodaas for Bais Medrash and Kollel. He then went on to earn a degree in Physical Therapy.

Mordechai's wife Penina is the daughter of Rabbi and Mrs. Obermeister who are respectively the principal of Yeshiva Ahavas Torah and a music teacher in many local Brooklyn schools. The Shedrowitzkys have six children: Pinny, a chosson, learns in Rabbi Berger's yeshiva; Yisroel Yitzchok is learning in Rabbi Portnoy's yeshiva in Israel; Shmuel Aron is a 10th grader in Torah Emes Kaminetz; Falik attends the 8th grade in Yeshiva Ahavas Torah; and their daughters Toby and Goldie are in the 12th and 1st grades in BYA.

## **TO MY DEAR BINA STAFF,**

When I first started BINA I was a one man show. I covered all the “departments”, did the referrals, case management, tried my best at crisis intervention, and I was the medical advocate as well. To a degree I was a “jack of all trades and a master of none”. The families that called us, although at a lower call volume had to make do with what I had to offer them...

As we have grown, I have watched you all take those same departments and develop them beyond anything I could have envisioned at the time. Your constant brain injury “growth”, your incredible devotion and caring, and the great teamwork make BINA who we are.

I may be standing in the “limelight” tonight (not something I relish...) but in truth, the whole picture is “off”. A creation with no continuation has no worth, and BINA’s continuation would not be possible without each and every one of you, for which I am grateful every day!

There are no words that can fully express my level of appreciation, so I will just say a very “loaded” thank you!!

I wish to express my profound appreciation and admiration to

### **AHARON & CHAVIE GLUSTEIN**

Worthy recipients of the BINA Founders Award

On the milestone of 18 years since they created this incredible organization to fill a gaping void in the community and address the complex needs of stroke and brain injury survivors and their families.

As director of BINA, Chavie along with her very dedicated and capable staff provides the highest level of services in the most professional and caring manner.

Chavie's tireless devotion to the families of BINA is unparalleled and never ceases to inspire and amaze me.

May Aharon and Chavie be rewarded by HaShem with only good health, nachas, success and happiness.

וכל העוסקים עם הציבור, יהיו עוסקים עמהם לשם שמים,  
שזכות אבותם מסיעתם, וצדקתם עומדת לעד. (אבות ב:ב)

Mazel Tov, Kol HaKavod and thank you to

### **R' AHARON AND CHAVIE GLUSTEIN**

for all you do on behalf of the Community and Klal  
Yisroel.

Your intuition and understanding for the need of an  
organization like BINA (and actually creating it), with your  
treatment of others like family speaks volumes of your true

Ahavas Yisroel. The sincerity, humility and L'Shem  
Shemayim nature with which you conduct yourselves  
reflects your Ahavas HaShem. Your focus on ensuring  
things are done in such a Torahdig fashion shows your  
Ahavas HaTorah. Your impact and success are surely  
magnified by all your Ahava.

May you be zocheh to continue being Mekadesh Shem  
Shemayim with your Holy work. May it be rewarding both  
in this world and the next; but most of all, may you be  
zocheh to see the time when BINA's services are no longer  
needed.

May HaShem bless you and your family with much simcha

## **AHARON AND CHAVIE**

Mazel Tov on this well-deserved honor. BINA has been an invaluable resource for our family. During the most horrific times of our lives, BINA has been a source of comfort, advice, and encouragement. Without your vision and commitment, we - and so many other people - would have been lost in a sea of unfathomable choices with no information and guidance. We thank you and the entire BINA staff from the bottom of our hearts. May you go from strength to strength.

## TO OUR DEAREST PARENTS,

There is just no way

-- not in poem, not in prose,  
not in song, not in dance --

That we could ever fully express  
our awe and love for you.

The way you can take care of the needs  
of all the BINA families, without forgetting  
your family, is truly impossible.

The love, sweat and tears that go into  
everything you do is immeasurable.  
The way you can fully be in five places  
at once is unforgettable!

They give you one award in 18 years,  
but at this point we know that you really  
should be given 6,570 awards –  
not 1 for 18 years, but 1 for every single day  
that made up those 18 years!

Nobody is luckier in the world than us three,

are proud to support this worthy cause and to proudly applaud  
the choice of having our sister-in-law

## **CIRELLE ROSENBLATT**

receive this well-deserved recognition for years of hard work. Cirelle and her colleagues at the Advance Concussion Clinic (Vancouver, British Columbia) have improved the lives of many who have suffered from concussions and other serious types of brain injuries. We would like to take this opportunity to congratulate Cirelle and the staff of the clinic for what they have accomplished. We would also like to applaud the BINA organization for all of the great work that they do toward helping to improve the lives of those who suffer from head trauma.
